## Summary

I'm Kartik Vashishtha, a full-stack developer and AI student at GGSIPU (Batch of 2027, CGPA: 9.255). I've built real-world projects like a Medium-style blog platform and a dummy transaction simulator. I currently work part-time at IPU-IIF, building SEO-optimized apps using TypeScript and SQL. I'm also a DSA enthusiast and a student leader, always striving for clean code and collaborative development.

## Experience

### • Full Stack Developer (Part-time)

IPU IIF, Delhi

Mar 2025 – Present

- Developed and maintained SEO-friendly web applications using React, Node.js, and TypeScript.
- Collaborated on full-stack feature implementation and data management using SQL.
- Followed clean code practices and agile workflows for efficient team collaboration.

## Education

### • B.Tech in Artificial Intelligence and Data Science

University School of Automation & Robotics, GGSIPU, Delhi

CGPA: 9.255

2023 – 2027

### • Intermediate (CBSE)

Kendriya Vidyalaya, Muzaffarnagar, UP

92.4%

2022

### • High School (CBSE)

Kendriya Vidyalaya, Muzaffarnagar, UP

91%

2020

## Projects

### • Medium Blogging Platform

A full-stack blogging site to share and publish content like Medium.

Live Link

- Built with MERN stack and deployed on Vercel for frontend and Node backend.
- Implemented markdown support, comments, and post listing.

### • Dummy Money Transaction Simulator

Random dummy funds generator and transfer system.

GitHub

- Users receive and send fake money with real-time transaction logic.
- React + Firebase based implementation with secure auth flow.

## Technical Skills

**Languages:** JavaScript, TypeScript, C++, Python, HTML, CSS

**Frameworks:** React, Node.js, Next.js, Bootstrap

**Tools/DBs:** Git, Firebase, MongoDB, MySQL, Vercel, VS Code

**Coursework:** Data Structures, Algorithms, OOP, OS, DBMS, SE

**Interests:** Full Stack Development, Cloud Architecture, DSA

## Position of Responsibility

### • Co-Lead — Web Development Team

Arham, GGSIPU

2024 – Present

- Managed and mentored sub-level developers to ensure timely progress and collaborative growth.
- Actively contributed to the development process alongside leadership, including code reviews and architectural guidance.
